

Soil	
Screened Topsoil	General purpose topsoil for foundation planting, gardens, and lawn installations
Garden Topsoil	Soil/Compost Mix - A compost enriched soil for planting & garden applications
Premium Topsoil	Soil/Sand/Compost Mix - A well balanced media best used for new planting beds, lawn establishment and gardens
Raised Garden Bed Mix	A superior engineered non-soil mix for raised flower and vegetable gardens
Speciality Soils	Top Dressing Blend, Raingarden Blend, Bio Swale Mix, Retention Soil, etc

Soil Amendment	
Screened Organic Compost	Helps retain moisture in sandy soils, breaks up clay in heavy soils improving drainage, adds nutrients & organic matter to the soil
Screened Leaf Humus	Composted leaves only. Retains moisture in sandy soils, breaks up clay, adds nutrients and benefits plants. High in organic matter

Mulch	
Processed Woodchips	An aged woodchip that has been ground and screened to a more uniform size
Traditional Double Processed Mulch	A natural brown, double-processed wood mulch. Used in planting beds to help retain moisture in soil and prevent weed growth
Traditional Triple Processed Mulch	A natural brown, triple-processed wood mulch. Very fine texture. Used in planting beds to help retain moisture in soil and prevent weed growth
Premium Double Processed Bark Mulch	A natural dark brown, double-processed hardwood and bark mulch. Used in planting beds to help retain moisture in soil and prevent weed growth
Dyed Black Mulch	Double processed wood that has been colored with black pigment for longer lasting color in landscape beds
Dyed Brown Mulch	Double processed wood that has been colored with brown pigment for longer lasting color in landscape beds
Dyed Red Mulch	Double processed wood that has been colored with red pigment for longer lasting color in landscape beds
Chocolate Grandscape	Double processed hardwood bark mulch plus the enrichment of a very dark brown colorant. This mulch maintains its color longer.
Kids Karpet ®	An engineered wood fiber designed specifically for playgrounds. Natural light brown color

Decorative Stone	
#9 Pea Gravel	Very small stone that is excellent for walkways and garden paths
Small Washed River Gravel	#57's
#4 Washed River Gravel	#4's
Large Washed River Gravel	#34's
X-Large Washed River Gravel	#12's

Sand	
Concrete Sand	Used in making concrete, as a base in horse arenas, or filling spaces between bricks and pavers. Can be used to break up heavy clay soil
Mason Sand	A clean sand great for use under pool liners, in sandboxes or beach volleyball courts. Also used in brick and block mortar

Limestone	
# 11 Screenings	#11 A coarse product for paver work. Used as a walkway base as a fill between pavers
# 1 & 2s	
#411	Used to build up a base layer for paver products. This product MUST be compacted before placing any paver products on top
#4	Driveway base, coarse drainage stone
#8	Driveway top layer, or great for walkways. Very small uniform size
# 57	Used as a driveway layer, behind retaining walls, in french drains, or fill around drainage tile lines
